  - Taking dependency management to the next level with call graphs! (Info about the FASTEN project) Wed 27th of OCT 04:50 p.m.

- SFSCON will take place from 12th to 13th of Nov, blended mode or online only
  https://www.sfscon.it/

  - Open data: ownership and licensing, 12th, 03:40 p.m

  - Automating license compatibility check, 12th, 03:00 p.m.
    Flict is a Free and Open Source Software tool to verify license compatibility for a package and its dependencies. You can use the tool to automate license compatibility verification in your compliance work flow. https://github.com/vinland-technology/flict

News

- OSADL's compatibility matrix: https://www.osadl.org/fileadmin/checklists/matrix.html

- OSADL recently announced to provide and maintain two flavors of base images in a licensed compliant way

  - Debian 10 based image

  - Alpine based image AMD 64

  Both images with different flavors

  - Image for immediate source code delivery

  - Image with "delayed" source code delivery (binary-only image + compliance material)

  https://www.osadl.org/OSADL-Docker-Base-Image.osadl-docker-base-image.0.html

- OSADL Online Lecture at November 17, 2021 (2pm to 4pm CET): Open Source software compliance certification and how to get there
  https://www.osadl.org/COOL-2021-11-Compact-OSADL-Online-Lect.cool-compactosadllectures2021-11.0.html

News

- Double Open provides license classifications, which can be consumed by ORT
  https://github.com/doubleopen-project/policy-configuration

Oliver Fendt

Agenda

Top	Name	Actors
1.	News	All
2.	Current status	Oliver/All
3.	AOB	All

Status

GitHub repo updated, website (https://oss-compliance-tooling.org/) updated:

- Tools added:
    - Bubbly
    - FOSSLight
    - LDBCollector
    - Opossum
    - Scancode.io and Scanpipe
- Container:
    - Added that it might not be a valid approach to reduce the compliance work with distributing docker files.
    - Reference to Till Jaegers and Scott Petersons articles

Planned next topics

- Resume working on toolchain elements
- More helpful guidance about shipping container images in a license compliant way

Next meeting

3rd of Nov
- Match code - open code and open data   Philippe Ombredanne

                             Oliver Fendt
